

Housing associations

Many housing associations use Cubik for their web presence as our unique understanding of usability and accessibility goes hand in hand with our ability to develop bespoke integration solutions for existing back office systems.

Some of the housing associations we've worked with

- [Amber Valley Housing](#)

Amber Valley Housing is committed to providing good quality, safe and secure homes meeting the needs of the community.

- [Bield Housing Association](#)

Bield's primary objective is to enable older people to live independent and fulfilling lives by being a leading and innovative provider of high quality appropriate housing, care and support services

- [DCHA](#)

Devon and Cornwall Housing Association work with local communities across Cornwall and Devon, offering housing, support, regeneration and new development.

- [Lewisham Homes](#)

A housing association in Lewisham

- [Pierhead Housing](#)

Pierhead views housing provision on Merseyside as a catalyst for urban economic growth and development for the region.

- [Progress Housing Group](#)

Progress Housing Group is committed to providing high quality housing and related services to communities throughout the UK. The Group and its subsidiaries have individual boards of management consisting of volunteers from the local community, tenants and local authority representatives.

- [Rooftop Housing](#)

Rooftop is a group of four housing associations that provide a range of housing solutions to meet the needs of communities across Worcestershire, Gloucestershire, Warwickshire and the West Midlands, sharing a single set of values and objectives. The business focus of all members of Rooftop Housing Group is expected to reflect these objectives and values.

- [Viridian Housing](#)

Viridian is a housing association providing social housing to over 30,000 residents spanning across London and the south east, the Midlands and West Sussex.
